## The KeyArena Experience... Yours and Ours

Our greatest asset isn't our impressive venue; it's our ability to use the features of the facility to provide you with an unbeatable experience. At KeyArena, you can take the day off. Well, maybe not quite. But one thing's for sure: you'll be able to relax knowing that the details are being handled by people who care as much about your event as you do.

That's where the other kind of experience comes in. Ours. The KeyArena staff is a unique mix of dedicated operations, ticketing, marketing, booking and production experts whose ongoing education and participation in industry organizations are encouraged. Combined, our front-line staff has over 80 years of facility and event management experience – that's a lot!
